

MyGuest | Launching MyGuest

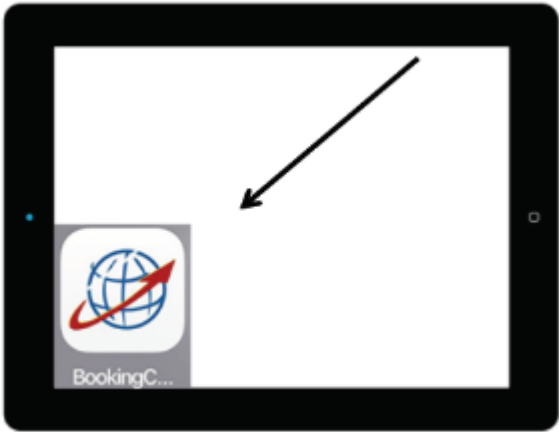

MyGuest is an online Mobile Concierge Tool for your Guests and Incident Tracking System for your Staff. MyGuest can be launched quickly, with minimal training and when integrated with MyPMS gives you the ability to track Guest requests and automate their fulfillment

Because issues are tracked and detailed by your staff, your Hotel Incident Report is created automatically with graphs showing relevant details resulting in clear opportunities for training to improve guest services.

BookingCenter comes with a downloadable iOS app for key staff for immediate alerts via 'push' notifications of new incoming guest requests. This enables you to monitor your guests' requests in real-time while roaming the property or from anywhere via your smart phone.

To get started, follow these steps.

Step 1: Download App	Step 2: Login
<p>Download from the AppleStore on any iOS device (iPhone, iPod, or iPad) or the Google Play store (for Android devices) the app called "BookingCenter". Go to your device and press the BookingCenter icon on the desktop.</p> 	<p>Your BookingCenter User ID and Password. If you do not have a USER ID and PASSWORD, please contact us.</p>
