

MyPMS Release August 7, 2018

Version 3.54

This latest release introduces updates to MyPMS and bug fixes.

- **MyPMS Login - Password Reset:** We have added password reset options. You can now reset your password via email and we have randomized the challenge response questions to make it easier to recover your password
- **Tape Chart** - When clicking on a "0" on the Tape Chart, the message displayed has changed from "Overbooking!" to "No Availability"
- **Child Rate Default Display** - We have removed the unnecessary child rate summary calculation from bottom of Default Rate details.
- **Search Bookings:** The User list in Search Bookings now displays the inactive Users at the bottom of the making it easier to select active Users when searching for bookings.

We are pleased to announce that the following software bugs were fixed in this release:

- Fixed issue with code displaying at top of page on Owners Tab - Expenses.
- Added RUID to bookings.
